

17th March 2020

Dear Parent/Carer

If your child attended school today, they will have received a printed and bound knowledge maps booklet. These knowledge maps contain all the essential information your child needs to know in order to achieve the best GCSE grades. The knowledge maps cover the core subjects of English, Maths, History, Geography, Religious Studies, Spanish and French.

These knowledge map booklets must be brought to school by your child each day, as they will be used by teachers in lessons and are a key learning tool that we expect your child to be carrying with them to school.

Please ensure your child has written their name on the front cover of the knowledge map booklet, along with their form class. We will be unable to replace the booklet if your child misplaces it or damages it, due to the cost involved.

We had these booklets ordered prior to the current situation with Covid-19 and they have fortunately arrived now for us to distribute to the students prior to the event of any school closure, that may occur following government guidance.

If your child was not in school today, they can collect their knowledge map booklet from myself upon their return to school.

I would urge you to encourage your child to spend time reading and memorising the content from these knowledge maps. The technique of look, cover, write and check (often used to learn spellings) is a recommended technique to aid your child to memorise the knowledge maps so they achieve the best grades at GCSE.

Yours faithfully

A handwritten signature in black ink, appearing to read 'Shahid Hussain'.

Mr Shahid Hussain
Deputy Headteacher
